Classical Mechanics Weekend

2 days · 12 hours

Newton to energy conservation — one focused weekend

PRICE	DURATION	LEVEL	FORMAT	SCHEDULE
₹2,999	2 days · 12 hours	Beginner	Live	21 Jun 2026– 22 Jun 2026 · 9:00 AM – 3:00 PM IST, 28 Jun 2026–29 Jun 2026 · 9:00 AM – 3:00 PM IST

Prasant Mishra

Founder & Instructor, Qurious Academy

ABOUT THIS COURSE

What is Classical Mechanics Weekend?

A rigorous but accessible weekend covering the core of classical mechanics. Physical intuition first — equations follow naturally. By Day 2 you'll be solving problems you never thought you could.

IS THIS RIGHT FOR YOU?

Who Should Enroll

✓ THIS IS FOR YOU IF...

- ✓ You're starting fresh and want a structured, clear path in Physics
- ✓ You want to learn by doing — with projects, exercises, and live instruction rather than passive video-watching
- ✓ You value efficiency: you'd rather spend focused hours on the right material than months on self-directed study
- ✓ You want expert feedback and a structured environment to stay accountable

✗ THIS IS NOT FOR YOU IF...

- ✗ You don't yet meet the prerequisites: Basic algebra
- ✗ You prefer entirely self-paced learning with no live component — this course includes scheduled live sessions
- ✗ You already have advanced expertise in this area and are looking for highly specialised material

Prerequisites: Basic algebra. 11th grade physics helpful but not required.

2 Sessions — 2 days · 12 hours

DAY 1 – DAY 2

Motion & Forces & More

- Kinematics — displacement, velocity, acceleration
- Newton's three laws in depth
- Friction, normal force & tension
- Problem-solving method: FBDs & systematic approach
- Work, power & kinetic energy
- Conservation of mechanical energy
- Momentum & impulse
- Collisions — elastic & inelastic
- Rotational motion basics

LEARNING OUTCOMES

What You'll Walk Away With

01 Solve mechanics problems from first principles

02 Build genuine physical intuition

03 Prepared for university physics or JEE/NEET mechanics

WHAT'S INCLUDED

Everything You Get

✓ Both day recordings (lifetime access)

✓ Live 2-hour doubt clearing session

✓ Problem sets with full solutions

✓ Learner's Certificate

About Prasant Mishra

Prasant Mishra

Founder & Instructor — Qurious Academy

GenAI Solutions Architect

15+ Yrs Teaching

2500+ Students

60+ Projects Delivered

Prasant teaches physics as a discipline in problem-solving, not just formula application. Classical Mechanics Weekend is structured around the handful of core principles that underlie the entire discipline — master these, and most problems become variations on a theme.

He's guided students through everything from board exam preparation to undergraduate-level physics, and the consistent finding is that conceptual clarity accelerates everything else. This course builds that clarity first.

QuriousAcademy

Focused, live learning for curious minds. No fluff — just the concepts that matter.

Classical Mechanics Weekend

Live · 21 Jun 2026–22 Jun 2026 · 9:00 AM – 3:00 PM IST, 28
Jun 2026–29 Jun 2026 · 9:00 AM – 3:00 PM IST · Rolling start
